

MLK Clean-up Day along the Northwest Branch!

January 16, 9:30 – 12 noon

Broad Acres Local Park

Winter has settled in and you've no doubt been cooped up inside for many days. What better way to prevent "cabin fever" than to venture outdoors and give our beautiful stream a cleaning in tribute to Martin Luther King Day!? We're heading to:

[Broadacres Local Park](#) – Beacon Rd & St Camillus Drive – We'll tackle a good amount of trash that needs to be hauled out from the woods all the way around the playing fields. There is also normally small trash on the soccer field, and additional trash around the playground. We'll pick it up there, so it won't find its way down to the stream. Park at the lot for JoAnn Leleck Elementary School and we'll head out from there.

We'll divide into teams and clean up the hill above the stream as far as we can. Please come out with friends and family for a, perhaps "invigorating", and definitely rewarding day.

Wear warm long sleeves, pants and head coverings. We'll provide gloves, bags, drinking water and a couple of "grabbers". All are welcome!

For the Stream,

James Graham
